Vicious Negro Uses His Teeth on Jewel of His Wrist Last Night

Among the passengers who boarded an outgoing electric railway train at King and Royal streets last night were six Washington negroes, all of whom took seats in the section reserved for white people. When Wm. F. Smith, the conductor, told them they were out of place four of the negroes moved to the rear of the car, but two, Charles Butler and a colored woman who was with him, defied the conductor and the law which he was endeavoring to enforce. Butler, who had been drinking, attacked the conductor and in doing so fell, but he soon arose and struck viciously at Smith. The negro managed to get his teeth into the conductor's nose during the scuffle and before he could be forced to relax his hold he painfully injured Smith, probably disfiguring him for life.

Officer Young boarded the train and took the negro in custody, and Officer Norris, who soon came along, conducted the injured conductor to Dr. Delaney's office where four stitches were taken in the wound.

When Butler was conducted to the station house he was anxious to know what collateral was necessary in order to be liberated. Some of his friends also engaged in a movement to raise a deposit that he might return to Washington, but the officers at the station house refused to receive collateral and told Butler he would be compelled to face the Police Court.

When brought before the bar this morning the conductor and others of the crew stated substantially what is given above. Butler, in his defense, alleged that he was willing to obey the orders of the conductor, but that the latter assaulted him first. Justice Caton fined Butler fifty dollars and added a term of six months in jail. He is, of course, subject to the road force.

OPPOSES RAILWAY RATE.

Citizens of Alexandria County to Meet Wednesday to Map Out Fight.

A meeting has been called by the Alexandria County Public Service Association, to be held at Clarendon, Wednesday at 9 o'clock, to make the necessary preliminary arrangements for the presentation of a complaint against the West Virginia Railway Company's fare from Falls Church, Va., to 12th and D streets, northwest, which they claim to be exorbitant.

The case will be presented to the Interstate Commerce Commission at an early date, although that body recently decided a similar case in favor of the railway company. The residents of Clarendon, Ballston and Lacey, feel that their claim for reduction in fare is just. The committee report states that the twenty-five trips from Falls Church to the District terminus cost \$3.04 and that the same number of trips from Clarendon to Ballston and Twelfth street, less than half the distance, cost \$2.50. The committee announces that two of the most prominent lawyers of Alexandria county have volunteered their services to push the case.

BAPTIST BY IMMERSION.

Episcopal Service Yesterday in Cameron Run.

A beautiful and impressive baptismal service by immersion took place in Cameron Run in a secluded spot a short distance above the bridge near Mr. Pulman's on the Telegraph road at eleven o'clock yesterday morning. The candidate for baptism was Miss Susanna Adeline Florence, of the congregation of Sharon Episcopal Chapel. The service was held by the Rev. S. A. Wallis, D. D., of the Episcopal Theological Seminary.

It is possibly not known to many that the Episcopal Church administers baptism by both immersion and pouring water on the person baptized, and in the rubrics of that church immersion is always mentioned first. But the most common custom is to follow pouring water on the child's head with the hand at the font, in church, and baptism by immersion is rare. A number of persons from Sharon congregation and elsewhere were present at the service. It will be remembered that the Rev. William M. Dame, then rector of Christ Church, had a baptism by immersion in the Baptizing Cove in the southeastern section of the city years ago.

Let us all make this Memorial Day a Memorable One

Memorial Day appropriately honors those to whom the Nation and its people owe a lasting debt of gratitude—one that we can never hope to repay. And while we are justly paying homage to those who have passed to the beyond, befitting recognition and reward should be gratefully bestowed upon those who yet remain in the fast-thinning ranks, and best time, awaiting their summons. We should provide bounteously for them. Let them take away with them happy thoughts of remembrances of the fleeting hours of their closing days. It is not often, however, that the day comes at a time of the week when the workaday world can pause and fittingly observe the occasion in all its fullness. Coming as it does, this year on Saturday, we shall do our utmost to bring the day to its greatest realization, and shall close our establishment Friday, May 29, at 5:45 P. M., and remain closed until 9 o'clock Monday morning. This is to say The Store will be Closed All Day Memorial Day.

NEWS OF THE OLD DOMINION

AFTER THE RAILROADS.

Commission Proceeds Against Three Roads Entering Strasburg.

Richmond, Va., May 25.—On its own initiative the State Corporation Commission has begun proceedings against the Southern Railway, the Baltimore and Ohio Railway, and the Winchester and Strasburg Railroad relative to infringements of statutes governing train service in the town of Strasburg. The Southern is said to have abandoned its Caton Road Crossing station, in Strasburg and built in another location without authority from the commission, while the Baltimore and Ohio and the Winchester and Strasburg is declared to have violated its schedule for trains.

Three rules were issued by the commission, two against the Southern and one against the Baltimore and Ohio and the Winchester and Strasburg returnable in the courtroom of the commission in the State capital on June 10. At that time the three railways will be called upon to show cause why they should not be fined for violations of the statute governing the removal of passenger stations and the maintenance of passenger train schedules.

There has been no formal complaint brought before the commission by the people of Strasburg relative to these conditions. For all the commission knows the removal of the Caton Road Crossing station may be a desirable one from the standpoint of the residents of Strasburg. As the case stands, however, the Southern has violated a State statute by abandoning a passenger station at one point and rebuilding it in a new location without permission from the commission.

MANY APPLY FOR PENSIONS.

Estimated That Rolls Will Call For Expenditure of \$450,000.

Richmond, Va., May 25.—Applications for pensions fall due September 1 to soldiers and to the widows of soldiers who served under the Confederate colors are already beginning to reach J. H. Johnson, pension clerk, in the department of Auditor C. Lee Moore, and it is estimated that during the month of September upwards of \$450,000 in state funds will be paid out by him.

Johnson says that during the present month already about \$53,000 had been paid out in pensions to the 1,200 pensioners collecting under that act of the general assembly of 1888 which provided for soldiers who had lost limbs and for widows of soldiers who had lost limbs in battle and for widows of soldiers killed on the firing line.

The last general assembly appropriated \$450,000 for pensions for the present year, and it is the belief of Clerk Johnson that this entire amount will be required to meet the just claims of the pension roll. Johnson explained that the increase in pensions was the result of many old soldiers becoming disabled through age. There are many new names on the pension rolls of 1914, according to Johnson, which names belong to men who have ever since the civil war provided for their families. Owing to the disability of old age, many of the veterans have found it imperative to put in their claims for pensions, which pensions they did not draw while able to provide for themselves and those dependent upon them.

That he will make a special report to the Japanese emperor to the effect that the only way the California land question can be settled is for the United States to grant citizenship to the Japanese now in California, and that he will recommend that no more Japanese immigrants be allowed in this country, were the statements last night in Baltimore of Dr. Shosuke Sato, who has been in America lecturing under the auspices of the Carnegie endowment fund. Dr. Sato will leave for Washington Tuesday. He will be the guest of the Japanese Ambassador, who arranged a conference with the President and Secretary of Agriculture Houston on June 1.

The Rev. Jerome Daugherty, S. J., a prominent Catholic educator, died at St. Vincent's Hospital, New York, yesterday from pneumonia. Father Daugherty was born in Berks county, Pa., March 25, 1849, and educated in Catholic schools in Maryland. He was on the Georgetown University faculty for 20 years, serving as president from 1901 to 1905. Later he was chancellor at Fordham University.

HONOR TO GOOKIN.

Table to Colonial Hero is Unveiled at Jamestown Island.

Richmond, May 25.—Another tablet was unveiled upon the walls of the historic church on Jamestown Island Saturday afternoon, and the ceremonies were attended by 900 excursionists from Richmond, headed by the officials of the Association for the Preservation of Virginia Antiquities, while automobiles and other vehicles brought hundreds of men, women and children from that section of the State to pay a tribute of respect to General Daniel Gookin, soldier and statesman.

The tablet, presented by the Massachusetts Society of Colonial Dames, was unveiled by Misses Evelyn Bridges Walke, daughter of Mrs. Selden Walke, of Richmond, and Susanne Yearley Garrett, of Williamsburg. The little girls had never met before, and a surprise was sprung when a comparison of the family trees revealed that the girls were related.

As the veil was drawn, those in the little church read the inscription:

In Memory of
MAJOR-GENERAL DANIEL GOOKIN A. D., 1619-1687.
A Planter of Virginia and Later a Pillar of the Colony of Massachusetts Bay.

A Soldier, a Statesman, and Above All a Constant Friend and Guardian of the Native Indians of New England.

This tablet is placed here by the Massachusetts Society of the Colonial Dames of America.

STATE FEDERATION OF LABOR.

Richmond Organizations Will be Well Represented Meeting.

Richmond, May 25.—The Richmond labor organizations are planning to send a delegation of fifty representatives to attend the annual convention of the State Federation of Labor when it meets next week in Norfolk for an important conference. The convention will begin in the Norfolk Odd Fellows' Hall on Tuesday, June 2nd, and will continue in session practically the entire week. E. C. Davison is president of the State Federation of Labor. H. T. Colvin, of Alexandria, is secretary of the federation and R. E. L. Heckman, of Roanoke, is treasurer. The federation is governed by an executive committee of six, as follows: E. C. Davison, of Richmond; H. T. Colvin, of Alexandria; R. E. L. Heckman, of Roanoke; A. C. Koonz, of Newport News; J. B. Clinedinst, of Newport News, and J. E. Reynolds, of Richmond.

The program of the convention, as prepared by the labor leaders, contains no particularly noteworthy feature.

Of chief interest to the delegates will be the report of the legislative committee, which worked unceasingly during the last session of General Assembly for the passage of measures favored by the federation. The committee will be able to report the enactment of seven district labor laws—the amended ten-hour law, the amended child-labor law, the amended safety appliance law, the law requiring proper ventilation of molding shops, the headlight law, the plumbing inspection law and the law relative to railway agents.

It is expected that the convention in considering the legislative committee's report, will outline a campaign for the enactment into law of other labor measures advocated by the State Federation of Labor.

KILLED BY A FALL.

Mrs. Ella Kesseling, of Baltimore, Killed on an Excursion.

Winchester, Va., May 25.—Coming here on an excursion to visit friends yesterday, Mrs. Ella Kesseling, of Baltimore, was killed half an hour after her arrival.

Mrs. Kesseling was visiting the home of the mother of Chief of Police M. A. Doran, when she fell down stairs and suffered fatal injuries.

Dragged to Death by Cow.

Lynchburg, Va., May 25.—Russell Roberts, a nine-year-old boy, was dragged to death early yesterday morning by a cow, which he was taking to pasture. The lad wound a rope attached to the cow around his body and the cow became frightened and ran.

The child was dragged two blocks, one of which was over the street railway track on Euclid avenue. He died in a few minutes after he was released from the rope.

POWDERED OYSTERS.

Hampton Man Discovers Process to Preserve Flavor of Luscious Bivalve.

Hampton, Va., May 25.—Captain Frank W. Darling, the largest oyster packer in the South, and whose plant is located here has perfected a process by which the succulent bivalves can be pulverized and reduced to a powder retaining at the same time its original flavor and nutritious qualities.

The oyster when thus reduced can be bottled and kept indefinitely.

In this form, it is claimed, shipment can be made to any part of the world where before it was impracticable to ship owing to the perishable nature of this commodity.

It is further claimed by the inventor that the oyster, in this form will be indispensable in hospitals and sick rooms for making broths and other strength giving foods. Captain Darling conceived the idea a few years ago and began actual experiments six months ago, building a laboratory in his plant here for the purpose and having associated with him in the experiments a government representative from the United States.

In making the tests special machinery had to be made and installed and it was only last week that the efforts of the experiments were crowned with success. The process, as far as could be learned, is that the oyster is first put through a formula which evaporates the natural juices, leaving a dry pulpy matter which responds readily to the pulverizing mill, producing a whitish, yellow powder somewhat lighter in color than dry mustard.

To this product is then added a certain ingredient, which is the real secret, to the powder which Captain Darling claims restores to the crushed oyster its original flavor. This new product, or rather by-product of the oyster industry will be known as "oysters" and a company has already been formed for its manufacture of wealthy New Yorkers who have been here during the final experiments. It is said by the promoters of this enterprise that this product will be on the market in the next few months. It is thought that the plant for the manufacture of these goods will be located here.

Negro Kills Wife.

Martinsville, Va., May 25.—John Scott, a mulatto, living in the western part of this county, shot and killed his wife, Kelly Scott, near Davis Mill, in the neighborhood of Henry station, late Friday afternoon. Scott and his wife had parted because of his alleged mistreatment of her, and the shooting grew out of his resentment of her refusal to longer live with her.

Scott met his wife on the road and opened fire with a shotgun, breaking her arm at the first shot, she fled to the home of Jane Holly, a white woman nearby, but Scott, pursued, broke open the door of the house and fired again. His wife fled to the yard and fell. Scott fired two more shots into her prostrate form. She died in a few minutes. Scott was arrested last night by a posse of citizens.

JOINS LOVER IN SUICIDE.

Tennessee Girl Cuts Throat on Wedding Day.

Bristol, Va., May 25.—Miss Mary Little, 20 years old, of Bluff City, Tenn., cut her throat yesterday morning, dying almost instantly, when told that William Riley, to whom she was to be married yesterday, had committed suicide.

"Only when I have joined him in death will I be consoled," Miss Little is quoted as saying when she arose and learned her lover was dead. She went to her father's room, got his razor and ended her life.

Riley, who was 24 years old, was to have claimed Miss Little as his bride yesterday. He shot himself in the head with a revolver Saturday night soon after having given the marriage license to the Rev. H. R. Slagle, who was to have performed the ceremony.

Riley left no explanation. A double funeral will be held tomorrow.

Aged Elk Burned to Death.

"CLOUDING THE SUN OF FREEDOM."

"The dark spectre of Puritanism is obscuring the sun of freedom. It is the lot of the present generation to defend the sovereignty of the individual against the tyranny of the majority."

With these words, Congressman Richard Bartholdt, of Missouri, prefaced a declaration in St. Louis yesterday that Carl Schurz, Emil Preussner and Carl Danzner would find a new fight for freedom to be waged if they were living in this epoch.

Mr. Bartholdt spoke at the unveiling of a monument to the three German editors erected in commemoration of their support of the Union during the Civil War.

"All three loved this country with patriotic fervor," he said, "Little did they all dream that self-government, the essence of political liberty, could ever be perverted into an instrument to suppress individual liberty."

"Today, alas, we know differently. We are living witnesses of successful attempts on the part of the majority, by the use of political power, to tyrannize over the minority and rob it of its individual rights and we also know that this is only the beginning."

"If it is right for society to control the tastes and regulate the personal conduct of men in one respect, it will be considered right in all other respects. We hold, however, that the only part of the conduct of any one, for which he is amenable to society, is that which concerns others. In the part which concerns himself his independence is, of right, absolute."

"This monument is a mute but eloquent emphasis of the convictions I have expressed. To these virtues and achievements let it be dedicated."

MR. MARSHALL'S LABOR REMEDY.

A wider religion and not the initiative, referendum and recall is needed to remedy labor evils, in the opinion of Vice-President Thomas R. Marshall. The Vice-President, addressing a large audience in Charleston, W. Va., in aid of a campaign to raise funds to build a Union Mission settlement, said:

"Until recently I was of the opinion that the recall and the initiative and referendum would have a tendency to remedy the labor evils which exist in such States as West Virginia and Colorado, especially the mining regions, but I believe now that a wider religion is the essential remedy."

Mr. Marshall is correct in his observations, but the impracticability of applying his panacea in this present age must be apparent to all who pay any attention to the signs of the times. If men could be induced to conform their lives to the

principles laid down in the Sermon on the Mount there would be no more labor or any other troubles. But Mr. Marshall should realize that an interposition of miraculous power is necessary in order to bring about the desideratum he suggests.

What a happy world this would be if we all would adopt and set upon the recommendation of the apostle: "Let every man abide in the avocation wherein he was called." Labor disputes would become as chaff upon the summer threshing floor, there would be no longer any need for policemen nor courts, and the long-sighed for millennium would be upon us.

Mr. Marshall means well, but he is a little too previous, as are many others who entertain similar ideas.

THE LATE DR. BLACKFORD.

The death of Dr. L. M. Blackford occurred Saturday afternoon too late for the Gazette to prepare a notice in honor of the memory of the deceased. While it was generally known that the sands of his earthly career were nearly run, his death was still a shock to the great majority who were not looking for the announcement.

Dr. Blackford's long and useful life will not be forgotten by thousands in Virginia and throughout the country, as the number of youths he had tutored is legion and they are scattered in all parts of the world.

The work of an educator is important, more so probably that most callings, as to impart knowledge to the young in an effectual manner is a rare gift. It is sometimes said of pedagogues that they have the knowledge but not the faculty of imparting it. The deceased possessed all the credentials for his high calling as well as the power to plant it into the breasts of the young.

Much has been said of Socrates, Hillel, Gamaliel and others who played similar parts in the early history of the world. Plato, Alcibiades and Xenophon have immortalized their preceptor. The numbers who have sat at the feet of Dr. Blackford will remember him too for his power of teaching as well as the uniform example of a high Christian character he ever placed before those committed to his care.

THREATEN TO STRIKE.

Steamer Stewards and Firemen Demand Increase in Pay.

New York, May 25.—Stewards and firemen on the new steamship, Vastland are threatening to strike unless their wages are materially increased. If a settlement is not reached before 10 o'clock tomorrow morning, when the big vessel is due to sail for Hamburg, she may be delayed at her Hoboken pier until new stewards and firemen are found to take the places of the strikers.

In the ship's crew are 480 stewards and 600 firemen. The stewards receive from \$12 to \$14.40 a month, and demand an increase to \$19.20. The firemen get \$19.92 and want \$26.40.

City Ordinance Upheld.

Washington, May 25.—No constitutional right of the owner of land abutting an alley is violated by a city ordinance closing one section of the alley, according to a decision today by the Supreme Court of the United States in dismissing the appeal from the decision of the Virginia court's upholding the ordinance of the city of Richmond, Va., closing one end of an alley in that city.

TO MEMORY DEAR TODAY.

Faded and torn is the old gray coat, And the sword is rusting away, And many are sleeping under the sod, Of the brave who wore the gray.

But, oh to our hearts is the memory dear, And the few who are left today, Still hold us close to the days that are gone.

Brave boys who wore the gray!

Can we forget the deeds they've done? As we crown them with laurels to-day

We pray the good spirit their sons may prove As true and as loyal as they.

They've left them a heritage grand and pure, For faith and valor so high, That they cannot forget—they must be true,

Till under the sod they lie.

Yes, principles high, exalted, undimmed,

In the dear Old South of today As just as precious to Southern boys As to those who wore the gray.

D. D. D. In Hospitals;
Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw, scorching pain of skin disease, have been soothed to sleep by a soothing liquid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institution in application), writes regarding a patient:

"The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly

writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full-size bottle if it fails to reach your case. You alone are to judge.

"Tuxedo is mild, cool and soothing—just the sort of tobacco I need. Tuxedo goes with me wherever I go."

V. Stephenson.

GEO. RANDOLPH CHESTER

"Why shouldn't a man be willing to recommend a tobacco which gives as cool, sweet and satisfying a smoke as Tuxedo?"

Geo. Randolph Chester.

J. N. MARCHAND

"Fill my pipe with Tuxedo and I'm content. You can't beat Tuxedo for mildness and purity."

J. N. Marchand.

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born, and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man. One week of Tuxedo will give you more enjoyment than you have ever had—and at the end of the week your nerves will be better and your general health will have improved. Try Tuxedo this week!

NEWS OF THE DAY

The battered hulk of the new lightship Halifax, No. 19, was found among the breakers on Liscomb Island, five miles from the mainland of Nova Scotia. She struck during a dense fog and it is believed the crew of 26 Scotsmen are lost. Six bodies bearing lifebelts had been recovered up to dusk last night by the steamer Dufferin. Both lifeboats which the vessel carried, were found. A search of the rocky islands in the vicinity was made in the hope that some of the crew had got through the surf alive.

Seaboard Air Line, Florida, to New York, train was wrecked at Anderson, a siding six miles south of Savannah Saturday morning. Engineer A. C. Gruber, of Savannah, was killed and Fireman Sawyer Hallman, Savannah, and H. F. Roach, express messenger, Jacksonville, injured. Officials of the line state that train wreckers are responsible for the accident.

The new navy dirigible balloon, L-3, arrived in Pottsdam Friday after a 34-hour trip from Friedrichshafen. The dirigible upon landing still had gasoline sufficient for sixteen hours more of flying. An average speed of nearly 60 miles an hour was made, and at one time over a short stretch, and with the wind following it, the balloon reached a speed of 90 miles an hour. While over Heligoland the L-3 was in wireless communication with dirigible L-24, which was over Friedrichshafen.

Huerta is making preparations for his inevitable downfall. He is clearing the prisons of Mexico City, so that none of his enemies shall remain alive to triumph over him in his destruction. His latest victim is Rafael Tapia, the second chief of police. Tapia has been in jail at Santiago Tlalcoac, since he publicly protested against the assassination of Madero. Anticipating that Villa will open all jails, as did Felix Diaz after Madero's fall, Huerta ordered Tapia and others shot. The disintegration of his regime has begun. On every side are heard stories of defection of soldiers and officers, and even of the cabinet ministers.

Suffering from melancholy, which for days had caused her mother to keep guard over her room, Miss Elizabeth M. Steibel, during a fit of despondency last Friday afternoon, leaped from a second-story window of her home, 118 Eighth street southeast, Washington, and now lies at Casualty Hospital in a critical condition. Her lower limbs were so badly fractured it was necessary for surgeons at the hospital to amputate one of them.

A dramatic climax marked the close of the sensational testimony of Charles S. Mellen, former president of the New Haven Railroad, before the Interstate Commerce Commission Friday, when the evidence of deep emotion, Mr. Mellen declared that the late J. Pierpont Morgan was cognizant of the Grand Trunk negotiations, on which he (Mellen) was criminally indicted for violation of the Sherman anti-trust act, and that he "took the indictment that belonged to him" (Morgan), believing it would have killed the aged financier if he had been indicted.

Four men were killed and one was badly scalded through an accident in the stockhole of the French destroyer Renaudin now in Africa. The Renaudin was participating at the time in the annual naval maneuvers.

Eleven persons were injured Friday in Chicago when John Gatzert's saloon was destroyed, apparently by a high explosive. The saloon was in a three-story brick structure, the upper floors being used as a lodging house.

The great steel locks in the Panama Canal are as strong and as safe as engineering skill can make them and there is not the slightest danger to life or property in their use, notwithstanding the report to the contrary in the disclosure of attempted fraud in the supply of proper metal for their construction. The statement was made at the isthmian canal officers Friday, when attention was directed to criminal presentments found by the grand jury in Pittsburgh against five steel makers on a charge of conspiracy to furnish inferior material for the locks.

Anxiety as to the safety of Vice Consul John R. Silliman, of Salt Lake, was relieved Friday, when word from the Brazilian Minister, that Silliman had arrived at Mexico City.

METHODIST END CONFERENCE.

Virginia Conference Draws Bishop

Oklahoma City, Okla., May 25.—Conference voted to adjourn at 11 o'clock Sunday night and business was left over to this hour received scant consideration. Mostly routine work was done. The plan for Episcopal supervision of the present year gives the Virginia conference Bishop J. C. Kilgo, of Durham, N. C.; the Baltimore conference has Bishop W. A. Candler, and Bishop Collins Denny, of Richmond, goes to the North Alabama, North Georgia, South Carolina and Mississippi conferences.

The Virginians on the connectional boards are: Sunday Schools, Mr. E. H. Barrow, of Farmville; education, Dr. James Cannon, Blackstone; Epworth Leagues, Rev. J. W. Shackford, Richmond; trustee of Methodist Episcopal Church South, Dr. B. F. Lipscomb, Petersburg; church extension, Dr. J. W. Young, Richmond; commission of educators on classification of schools and colleges, Dr. R. E. Blackwell, Ashland; missions, Dr. Asbury W. Christian.

An assessment of 2 cents per capita was levied for the benefit of the American Bible Society and a commission ordered to participate in the centenary society.

A report recommending that five bishops redistrict the church and supervise the same for four years consecutively and that the foreign fields be made up into regular Episcopal districts, with a resident bishop, was advocated by Dr. Cannon, J. W. Cline, President T. C. Chao, professor of Foo Chow university, China, and Dr. Ainsworth, of Georgia, and adopted. Another recommendation of similar import involving a change in the constitution of the church was defeated without discussion.

The proposition for the change of name was withdrawn in view of movement for the reorganization and unification of the Methodist bodies in America.

Action was taken regarding the South Carolina Conference and another increasing the possible number of charges in presiding elder district from thirty to forty.

The conference adopts resolutions condemning alcohol menace and pledging support to Anti-Saloon League and other temperance parties.

PREACHER KIDNAPPED.

Says he Was Kept in Dark Cellars by His Captors.

St. Louis, May 25.—Rev. Louis R. Patmont, prohibition advocate, who disappeared from Westville, Ill., on March 31, reiterated here yesterday his claim that he was kidnapped and says that he knows the persons responsible for his detention. He is on his way to Danville, Ill., where the grand jury of Vermillion county, now in session, will take up the investigation of his case. A big red automobile, owned, he says, in Danville, will play an important part in the ministers' story to the jury. It was this machine in which he alleges he was carried half conscious from one hiding place to another for 50 days.

When he was not being transported in the machine he claims he was kept in dark cellars, gagged and with his hands bound to a bar of wood under his knees. He says he heard his captors discuss plans to burn the house in which he was

HITS AT WOMAN'S RIGHTS.

Southern Presbyterians May Put Council Under Men's Direction.

Kansas City, Mo., May 25.—Women of the Presbyterian Church in the United States (Southern) will face a crisis in their history today when the General Assembly, in session here, will act on the report of the systematic beneficence committee.

The report contains a recommendation that the Women's Council of the Church no longer be permitted to spend its funds without approval of the Systematic Beneficence Committee. Advocates of the women's movement objected to this suggestion on the ground that the department is but two years old and to submit its finances to the supervision of the committee would take heart out of women's work. They also will raise the cry of "taxation without representation."

The women have no voice in the affairs of the systematic beneficence committee and there is only one woman who has any connection with the General Assembly. She is Mrs. W. C. Winsborough, of Kansas City, Mo., superintendent of the Women's Council.

The committee will argue that all the revenues of the church departments should be administered through one agency. Only the funds of the Women's Council are excepted at present.

Almost every pulpit in the city was occupied yesterday with visiting ministers and laymen. Two of them denounced Andrew Carnegie and John D. Rockefeller by implication for opposition to denominational educational institutions which the speakers attributed to them. The assembly will meet next year at Newport News, Va.

Senator W. C. Bradley, of Kentucky, aged 67 years, died Saturday night in Washington, after an illness of a few days. His death was due to uremic poison. Senator Bradley was a Republican. For many years he was the recognized leader of the Republicans of Kentucky, and usually at the head of Republicans at national conventions.

Warm weather, with well-distributed local rains, was the forecast by the weather bureau last night for the first half of the week. "The indications are that during the week the temperature will average above the normal in the Eastern and Southern States, Ohio Valley and the central West, and near or somewhat below the normal in the Northwestern States, the Rocky Mountain region, and on the Pacific slope," the bulletin says.

Quit Pattering With Corns. Use This Sure, New-Plan Cure.

A few drops of "GETS-IT", the biggest seller in the world today of any corn remedy, is enough to spell positive doom to the fiercest corn that ever cemented itself to a toe. It's

good-bye Johnnie. You apply "GETS-IT" in two seconds—no fussing with plasters that don't stay put, with salves that make corns "pull" and make the toe beefy and raw, with knives, scissors, razors and diggers that make corns grow faster and that may cause blood poison from corn-cutting and corn-bleeding.
